ELLIOTT'S BULB OFFERS ~1926
From Now Until July 1ST ~Not Later

WHY ELLIOTT BULBS ARE SO GOOD

*Every Year Our Experts Travel 8,000 Miles
to Make Your Garden Better*

THE Elliott Nurseries have never been satisfied with the risks of importing bulbs through middlemen. To avoid that we do two things. First, we specify that all orders from this bulbs catalog be in by July 1st, each year. That causes no inconvenience to our friends and enables us to know, shortly thereafter, just what our demand for various bulbs will be.

With this concrete information in hand, a group of Elliott experts go to Holland in person. There they visit all the large growers and all of the important private growers who have specialized in certain flowers for generations. And not only do these experts fill your orders at first hand direct from the original source—but they also test and examine every order right on the ground so that we get nothing but perfect bulbs.

This Makes Elliott Bulbs Cheaper

THIS direct method of purchasing, first of all, insures healthy bulbs of perfect breed. Secondly, it cuts down their cost to us—and to you!

Buying direct, we buy for cash. That is a saving. Testing our bulbs, we discard the poor ones before they are shipped, not after. This means no loss from waste that you must ultimately pay for. When bulbs are imported in the usual way, they pass through the hands of two dealers before they reach you, thus doubling in price. When you buy through Elliott's you not only get the advantage of our immense quantity purchases, but you cut out at least one middleman's cost, losses and profits.

Elliott Bulbs are Tested Twice

YOU are buying perfect bulbs that have been tested right where they grow by our own men—at a distinct saving in price.

This, however, is only half of the story. Not only are your bulbs examined and tested in Holland—they are re-examined and re-tested when they arrive here. Conditions here are different, and we must be satisfied that the bulbs that were perfect over-seas are just as perfect in this country. We prove that they are before we ship them to you!

The thousands and thousands of bulbs that are constantly grown at the Elliott Nurseries are your guarantee of a *double test*—and double satisfaction.

Anybody Can Grow Elliott Bulbs

AS a consequence, Elliott bulbs give results that frequently amaze gardeners of long experience. They are easy to grow because they are perfect bulbs to begin with. No skill or training is required to make a success of anything offered you in this catalog. All you need do is follow the simple directions that come with each order—and if you were a medal-winning garden expert, you could hardly get better results.

You can't do that with ordinary, hit-or-miss bulbs. But you *can* do it with Elliott's hand-picked, twice-tested, guaranteed bulbs imported direct to your own order!

*Whether you've grown flowers before or not, Elliott Bulbs will
give you splendid flowers for a very small outlay in
money—and next to no attention!*

Plants for May and June Delivery, 1926

For the convenience of people who wish to plant in May and June, we have prepared the following plants for delivery during these months. The majority of them are pot-grown and the others have been prepared for transplanting. Stock offered in this list will be delivered immediately on receipt of order. Bulbs and Plants offered in our Bulb Catalogue will not be delivered until Fall.

Elliott Nursery Company : : : 336 Magee Bldg. Pittsburgh, Pa.

AEGOPODIUM (Bishop's Weed)

Podgaria variegata. A rapid-growing plant, with neat green-and-yellow-variegated foliage, thriving in any soil; makes a fine border on a bed of shrubs or for covering waste ground. 1 foot, 20 cts. each; \$2.50 per doz.; \$15.00 per 100.

ANCHUSA ITALICA (Dropmore Variety)

A grand improvement on the original type of A. italica, or Italian Alkanet, and a plant which, on account of its remarkable freedom of flowering and its beautiful blue color, is sure to become one of our most popular hardy perennials. It attains a height of 5 to 6 feet and produces its pretty blue flowers, which are from 1 to 1 1/4 inches in diameter, throughout the entire summer. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

ARMERIA (See Pink or Thrift)

Attractive dwarf plants that will succeed in any soil, forming evergreen tufts of bright green foliage, from which innumerable flowers appear in dense heads, on stiff, wiry stems, from 9 to 12 inches high. They flower more or less continuously from early spring until late in the fall. Very useful in the rockery.

Maritime Splendens. \$2.50 per doz.; \$15.00 per 100.

TALL SNAPDRAGON

The improved Antirrhinums, or Snapdragons, are splendid for bedding. They are strikingly beautiful and flower all summer. The lovely colors range from white to deep crimson through many unique shades. Also fine for cut flowers. **In separate colors.** \$1.75 per doz.; \$12.00 per 100. **Dwarf-mixed.** \$1.50 per doz.; \$10.00 per 100.

NEW ASTILBE ARENDSI

This new type is the result of crossing A. Davidii with A. japonica compacta, astilboidea, and A. Thunbergii. The plants are of very vigorous growth, 2 1/2 to 4 feet high, producing many branched, feathered heads of flowers. They prefer a half-shady, moist position in any ordinary garden soil.

Arends, Ceres. Feathery panicles of light rose, flushed with a delicate silvery sheen.	50c each	Doz. 5.00
Arends, Pyramidalis. Pure white.50c each	5.00
Thunbergii, Moerheimii. A new variety introduced from Europe. The panicles are extremely large, but the flowers are quite small and pure white.	July50c each	5.00

CENTAUREA (Perennial Cornflower)

Montana. Grows 2 feet high, bearing large, violet-blue flowers from July to September. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Montana Alba. A white variety of the above. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

CHRYSANTHEMUMS

Pompon. These are the small-flowered Chrysanthemums of the old-fashioned gardens, and bloom in October and November, after almost all flowers are gone. They are showy in the garden and effective as cut-flowers, and being perfectly hardy and of easiest culture, can be successfully grown in any garden. We offer a fine collection of the best varieties, ranging from white to deep crimson. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

LARGE-FLOWERING VARIETIES

The blooms are 3 inches or more in diameter, shaped like an aster. Slight protection during the winter.

	Per 12	Per 100
White. Blooms sometimes slightly tinged with cream	\$2.50	\$15.00
Blush. Tinged with rose and pink tones	2.50	15.00
Pink. Shaded from blush-pink to deeper tones	2.50	15.00
Yellow. Varying from lemon to orange-yellow	2.50	15.00

DELPHINIUM

Chinense. Fine feathery foliage and intense gentian-blue flowers in open panicles. \$2.50 per doz.; \$15.00 per 100.

Chinense Album. A pure white form of the above. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

CAMPANULA RHOMBOIDES FL. PL.

(Diamond Bell Flower)

Trailing plant of proven merit. Double light blue flowers in profusion. Excellent for the rock garden or edging the perennial border. \$2.50 per doz.; \$15.00 per 100.

FESTUCA GLAUCA (Blue fescue Grass)

A dwarf grass with very distinct blue foliage. Does not grow over 8 to 10 inches high and is very effective. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

GENISTA ELATIOR (Hardy Broom)

At last we have a Genista, or Broom, that is perfectly hardy in this climate. All know the yellow-flowered Genistas that the florists sell for Easter at prices ranging from two to ten dollars each. This hardy Genista is just as beautiful as these and can be grown in anyone's garden or shrubbery. It is of slow growth, but eventually reaches a height of 3 to 4 feet and as many feet across. In June it is covered with beautiful yellow, pea-shaped flowers which continue a long time on the plant. We consider this one of the most valuable small shrubs introduced during many years. Pot-grown plants, 35 cts. each; \$3.50 per doz.

GAILLARDIA GRANDIFLORA

(Blanket Flower)

One of the showiest and most effective hardy plants, growing about 2 feet high and succeeding in any soil in a sunny position; beginning to flower in June, they continue the entire season. The large flowers are of gorgeous coloring. The center is dark red-brown, while the petals are marked with rings of brilliant crimson, orange and vermillion, and often a combination of all in one flower; excellent for cutting. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

HEUCHERA SPLENDENS (Alum Root)

We have thoroughly tested this new Heuchera and find it one of the most desirable hardy plants introduced in many years. It has the same habit and foliage as Heuchera sanguinea, but the color is a more brilliant crimson, and five or six times as many flowers are produced. Blooms in May and when in bloom is about 15 inches in height. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

IBERIS (Candytuft)

Saxatilis corfolia. Candytuft. A large snow-white flower. 8 to 10 inches. May. 25 cts. each; \$2.50 per doz.
Sempervirens. Hardy Candytuft. The flowers are white, borne with great freedom, while the foliage may remain green all winter. About 1 foot. April to June. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.
Sempervirens nana. A dwarf form of the preceding. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

LYCHNIS SPLENDENS (Double Red Ragged Robin)

Forms a dense tuft of evergreen foliage, and in June it sends up tall spikes of handsome double, deep red flowers of exquisite fragrance, which remain in perfection six weeks. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

MERTENSIA VIRGINICA (Blue Bells)

An early spring-flowering plant, growing about 1 to 1½ feet high, with drooping panicles of handsome light blue flowers, fading to clear pink. One of the most interesting of our native spring flowers. May and June. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

TRITOMA PFITZERI (Flame Flower, or Torch Lily)

This new Tritoma is undoubtedly one of the most valuable introductions of recent years. Tritoma Uvula, or "Red-Hot-Poker" plant, is highly prized on account of its picturesque appearance and its blooming so late in the fall after almost everything else is gone. This new variety is a great improvement in every respect. The flowers are much more refined and beautiful and are produced in the greatest profusion from early summer until late fall, coming into bloom at least two months before the older variety. It is equally desirable for garden effects or for cut-flowers. The flower-spikes are of gigantic size, frequently 4½ feet high, with heads of bloom over 12 inches long, of a rich orange-scarlet, shading to salmon-rose on the edge; a first-class acquisition. This plant is not quite hardy and should be protected in winter with a covering of leaves, or can be taken up, packed in sand and stored in a cold cellar over winter. 35 cts. each; \$3.50 per dozen.

HARDY PERENNIAL PHLOXES

The beauty and usefulness of these grand border plants give to them a deservedly first place among hardy plants. For cutting, their large trusses go a long way in floral decorations. In color they range from pure white to the richest coral-red, all having a delicate fragrance. Perennial Phloxes succeed in almost any soil enriched with manure, but are much benefited by a mulching of decomposed manure in spring, and in hot weather an occasional soaking of water. If the first spikes of bloom are removed as soon as over and the plant given a good soaking of water, they will produce a second supply of flowers, thus continuing the display until late in autumn. These later blooms are often finer than the first.
Pot-grown plants, ready for immediate delivery, 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

Albion. Pure white with a faint red eye.
Baron Von Dedem. Intense scarlet or red; individual flowers and trusses are very large.
Eclairer. Purple-carmine blooms with a white center.

F. B. Waldeck. Splendid pure white.
Mrs. Jenkins. One of the earliest pure white varieties.

Miss Lingard. Early flowering; pure white blooms with a faint lilac eye. Splendid for mass planting, as it will bloom in June and again in September if the old flowers are cut. Not infested with red spider.

N. Smith. Crimson.
Prof. Schliemann. Lilac-rose with carmine eye.
Rhineland. Salmon-pink; both flower and truss are immense in size, and the color is intensified by a brilliant carmine eye.

Rynstrom. Rose-pink; flowers and trusses extremely large; possibly the finest phlox of this color.

Riverton Jewel. Rose, with brilliant carmine or red eye.

Sir Edward Landseer. Carmine with crimson eye.

BALCONY PETUNIAS

As many of our customers have failed in growing these splendid Petunias from seed, we have grown a lot and of four colors—violet-blue, dark crimson, pink and white. The violet-blue variety is most distinct and effective and always attracts great attention and admiration. \$1.75 per doz.; \$12.00 per 100.

CREeping PHLOXES (Moss Pinks)

	Per Doz.	Per 100
Phlox subulata, Daisy Hill. Lovely pink	\$2.50	\$15.00
Subulata atropurpurea. Deep rosy purple	2.50	15.00
Subulata Bridesmaid. Purplish, tinted white	2.50	15.00
Subulata Model. Rose pink. Fine for covering banks; thrives in hot, dry situation, and blooms profusely	2.50	15.00
Subulata rosea. Pink	2.50	15.00

PENNISETUM JAPONICUM

This new Hardy Grass is very desirable. It grows 4 feet high, with slender, graceful foliage and showy plumes thrown well above the leaves. Most valuable for adding variety to the garden planting. 25 cts. each; \$2.50 per doz.

POLEMONIUM CERULEUM

(Jacob's Ladder)

Useful border plants about 12 inches high, with deep green, finely cut foliage and spikes of showy blue flowers in May and June; of graceful growth. 25 cts. each; \$2.50 per dozen.

POLYGONUM AUBERTI

(Chinese Fleece Vine)

A great improvement on the Polygonum Baldschuanicum. The flower trusses are large, the flowers pure white, it grows still more rapidly, and does not suffer from the illness which makes the leaves wither and drop from old variety. A plant in full flower gives the impression of being altogether covered with hoar-frost. We have tested this vine and pronounce it the best flowering climber produced in twenty-five years. It surpasses Clematis paniculata, and the flowers last twice as long. \$1.00 each; \$10.00 per dozen.

ORIENTAL POPPIES

I remember very well the first time I saw an Oriental Poppy. I was a boy then, and it excited me wonderfully, and I thought it the most remarkable flower in the world; and now, after fifty years have gone by and I have seen almost all the known flowers of the world, I am still of the opinion that it is mighty fine, striking and effective, and I have taken the trouble to gather and have grown a collection of several varieties. The foliage of Oriental Poppies dies away in the summer, and many think they are dead, but they will start into growth again in the fall. They are rather hard to establish but once established, prove the most persistent perennial.

	Per Doz.	Per 100
Bracteata. Red flowers of enormous size	\$2.50	\$15.00
Cerise Beauty. Extra large blooms; cerise pink with crimson center and dark blotch at base of petals	2.50	15.00
Mrs. Perry. Orange-apricot — distinct and unusual color	2.50	15.00
Silverblick. Salmon, with violet-blue blotches; white anthers and stamens	2.50	15.00
Oriental Hybrids. An assortment of the best varieties and colors	2.50	15.00

STOKESIA CYANEA

(Cornflower Aster, or Stokes' Aster)

A most charming and beautiful native hardy plant, which for many seasons, has been the most admired flower on our grounds. The plant grows from 18 to 24 inches high, bearing freely, from early in July until late in October, its handsome lavender-blue centaurea-like blossoms, which measure from 4 to 5 inches across. It is of the easiest culture, succeeding in any open, sunny position; desirable as a single plant, in the hardy border and effective in masses or beds of any size.

Caerulea. Beautiful light blue. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

SALVIA (Scarlet Sage)

Improved Dwarf. Spikes of brilliant scarlet flowers. \$1.50 per doz.; \$10.00 per 100.
Splendens. The old-fashioned, tall-growing variety. \$1.50 per doz.; \$10.00 per 100.

PHYSOSTEGIA VIRGINIANA

False Dragon. An American plant forming large clumps, which in July and August are covered with light pink flowers. \$2.00 per 12; \$12.00 per 100.

PENTSTEMON BARBATUS TORREYI (Beard Tongue)

An excellent variety of this American plant that is used chiefly for garden and borders. The flowers, which are scarlet or crimson and orange, are produced freely in July and August. \$2.00 per 12; \$13.00 per 100.

HARDY CLIMBING PLANTS

	Each	Doz.
Ampelopsis quinquefolia. Virginia Creeper. Clings firmly to walls or any support and makes a dense covering because of its large, handsome, green foliage. In the fall the leaves change to brilliant scarlet. One of the most decorative native climbers	\$.35	\$3.50
Veitchi. Boston Ivy. Grows very rapidly after it is once established and clings closely to any surface. The large, dark green leaves turn to rich crimson in the fall.....	.30	3.00
Clematis Paniculata. Probably the most beautiful of all the hardy vines. Makes a strong, luxuriant growth, has delicate foliage, and blooms profusely. In August or September the white flowers literally conceal the vine; when the petals have fallen they are followed by seed clusters and a profusion of feathery "styles" like drifted snow. Usually the vine is given a support but this is not required for it is just as handsome when planted in rock-work or so arranged that its growth is made over sloping banks. Pot plants.....	.35	3.50
Euonymus radicans. A special evergreen vine of slow growth and elegant, rich, green foliage.....	.25	2.50
Radicans variegata. A beautiful variegated variety of the above. Rich, green foliage distinctly marked with white. Fine for low stone walls....	.25	2.50
Hedera helix. English Ivy. The well-known variety with small leaves which has proved perfectly hardy. Largely used for covering walls, loose rocks, fences or trellises.....	.35	3.50
Lonicera Brachypodia. Hall's Japanese Honeysuckle. A strong-growing variety which is in almost continuous bloom. The fragrant flowers open white and gradually change to buff. \$20.00 per 100.....	.30	3.00

Japonica aureo-reticulata. (L. brachypoda reticulata.) Golden Honeysuckle. Great quantities of white flowers are borne in pairs. The foliage remains green until late in the autumn, and in protected locations may be evergreen all winter. \$20.00 per 100	\$.30	\$3.00
Japonica. Bears a multitude of fragrant yellow flowers, but is particularly desirable because of its dark purplish green foliage which is practically evergreen. \$20.00 per 100....	.30	3.00

CLIMBING HYDRANGEA

We have at last succeeded in getting a stock of the rare Schizophragma hydrangeoides, known as the Climbing Hydrangea. It is one of the rarest and most beautiful vines, having large flower-heads similar to those of Hydrangea hortensia, and will make a most splendid adornment to the porch. Fine, strong, pot-grown plants. \$1.00 each; \$10.00 per doz.

ROSA SPINOSISSIMA

We have again succeeded in getting a stock of this rare and exquisitely beautiful single hardy Rose. In our opinion it is one of the most beautiful things on earth and is surpassed only by the Cherokee Rose of the South, which is not hardy in our climate. This Rose grows to 4 or 5 feet; compact and bushy in habit, and in June is covered with large single yellowish-white flowers of indescribable beauty. Planted in groups in the shrubbery, it produces an effect to which no description can do justice. Makes a handsome single specimen for the lawn. \$1.00 each; \$10.00 per doz.

STENANTHIUM ROBUSTUM

(Mountain Feather Fleece)

This remarkably hardy perennial is without doubt one of our best new introductions and may be classed with the showiest of all herbaceous plants. As the buds begin to unfold, they are quite upright, and of a light green tinge, gradually becoming whiter until at last they burst forth into a veritable snowbank of drooping, fleecy bloom of the purest white, the panicles often 2 to 3 feet long. After several weeks the flowers, as they ripen, turn to shades of pink and purple. It is a vigorous perennial, attaining a height of 5 to 8 feet, and is absolutely hardy throughout the United States and Canada.

The Mountain Feather Fleece is of easy cultivation, but takes some time to become well established and if given plenty of food, makes a wonderful show equalled by few plants of any description. Prefers a moist and partially shaded position. It would be impossible to give an idea of the wonderful effect of a large mass of Stenanthiums when in full bloom, as no description conveys the beauty of the delicate feathered, drooping flowers. Strong plants, 35 cts. each; \$3.50 per doz.

Plants

Calimeris Incisa. Grows readily in any good soil, and is an extremely dainty little perennial. The flowers are white or slightly tinged with purple and have a bronzy yellow center. 1 to 2 feet. July and August.....	\$2.00	\$13.00
Campanula Persicifolia. Bellflower. The fact that blue predominates in the Campanula makes it of particular value, as it will give the desired blue color in almost any situation—moist or dry, sunny or shady. The varieties here listed are probably the best of the entire family.....	2.50	15.00
Campanula Carpatica. Harebell. A charming little plant growing from 6 to 12 inches high, producing the bell-like blue flowers all summer. Especially useful in rock work....	2.50	15.00
Campanula Carpatica Alba. White form of preceding variety	2.50	15.00
Erianthus Ravennae. Plume Grass. A hardy ornamental grass which is effective when planted alone or in combination with other grasses. Leaves are long, with white rib in center. From the center of the plant, long, distinct plumes arise, which may be dried and kept for winter decorations. 8 to 12 feet. August to October. 35 cts. each.....	3.50	
Gentiana Andrews. Blue Gentian. One of the most fascinating native American plants. The flowers, which are tightly closed, are borne at the top of a stem from 6 to 8 inches long and are intense deep blue. Blooms best in moist places. July and October	\$2.25	\$14.00
Pachysandra Terminalis. A valuable plant for covering the ground in shady places, but seems to grow well in the sun. The foliage is a bright, glossy green, while the plant is rarely more than 6 inches high. Small spikes of flowers are borne during the months of May and June	2.50	15.00
Rosmarinus Officinalis. Rosemary. A shrubby perennial from 2 to 4 feet high, with many small, light blue flowers. Familiar in old-fashioned gardens	2.00	12.00
Tenacium Chamaedrys. Germander. A desirable border plant of European origin. The foliage is bright, shiny green, in fact, it is almost an evergreen. The flowers are rose shaded to purple and may have red and white spots. 1 to 2 feet. Midsummer	2.50	18.00

BAMBUSA JAPONICA

(Metake of Gardens)

One of the best known of all the hardy Bamboos. The stems are often 15 feet high, with internodes 6 to 9 inches long, and with tapering leaves a foot long, smooth and shining above, glaucous beneath. It forms fine clumps when sheltered from the East wind, and will grow in drier situations than most Bamboos. Large plants, \$1.00 each; doz., \$10.00.

MONARDA OR BERGAMOT

(Oswego Tea)

Showy plants growing from 2 to 3 feet high, succeeding in any soil or position, with aromatic foliage, and producing their bright flowers during July and August.

Didyma Cambridge Scarlet. (Oswego Tea.) Brilliant crimson scarlet. 25 cts. each; \$2.25 per doz.

BLACKBERRY LILY

(Pardanthus Sinensis)

Lily-like flowers of a bright orange color spotted with red which are succeeded by seeds that resemble blackberries. Very showy and desirable. 20 cts. each; \$2.00 per doz.; \$12.00 per 100.

PLUMBAGO LARPENTAE

A dwarf plant covering the ground completely with its foliage. In September it is a mass of beautiful, deep blue flowers, which gradually change to violet. 25 cts. each; \$2.50 per doz.; \$15.00 per 100.

THE MOSSY STONECROPS

Grow about 1 to 4 inches high, bear diminutive flowers between May and July, and make an exquisite carpet of evergreen foliage which is particularly attractive in winter when some of them assume tones of Bronze. Uses for which they are recommended:

- (1) To convert stretches of sand and rock into carpet of verdant green;
- (2) To carpet rose and bulb-beds;
- (3) To soften the lines and to take away the new "look" in rock and formal gardens. Examples: S. acre; S. reflectum; S. sexangulare; S. Stahlil.

Acre. Golden Moss. Grows 2 to 3 inches high; yellow flowers in July; leaves are only $\frac{1}{4}$ inch long.

Reflectum. Stone Orpine. Small, bright yellow flowers making up a flat cluster 1 to 1½ inches across. July.

Spectabile. A fine fall-flowering plant with great heads of purple flowers.

Above varieties, \$2.50 per doz.; \$15.00 per 100.

THALICTRUM AQUILEGIFOLIUM

All Thalictrums have handsome foliage, and this variety has quite showy flowers. H 3 to 4, F 6 to 7.

Adiantifolium. Beautiful foliage like maidenhair fern. 25 cts. each; \$2.50 per doz.

Thalictrum Aquilegifolium. This is undoubtedly one of the most desirable hardy plants in cultivation. Its fine habit, beautiful foliage and masses of lovely flowers, varying from white to purple through all intermediate shades, makes it one of the most handsome things that can be planted. A graceful plant of much charm and distinction. 2 to 3 feet high; blooms in May and June. \$2.50 per doz.; \$15.00 per 100.

Elliott's XXX Gladioli Mixture

For those who want a fine, large show of gladioli regardless of names or color arrangement, we have made up a superb mixture which is admirably adapted to this purpose. It is a blending of fine varieties and contains every shade of color that can be found in Gladioli. We have sold hundreds of thousands of this mixture to an ever-increasing number of satisfied customers. Per 12, \$0.70; per 100, \$5.00; per 1,000, \$45.00.

Best Evergreen Vine for America

Euonymus radicans vegetus (Evergreen Bittersweet)

Is the ivy the best vine in the world? Doubtless every Englishman will cry "Yes," because the European or English ivy (*Hedera Helix*) is the oldest evergreen vine in cultivation and has made the deepest impression in literature, art and history. But if your standard is merit, not associations, there is another vine which seems to me inherently better, viz., the Climbing *Euonymus*, or, as I now propose to call it, the "Evergreen Bittersweet." True, the form of its leaf is not unique, like that of ivy, but it has one overwhelming advantage in its gorgeous red berries, which are resplendent all winter against a noble background of evergreen foliage. And in many other ways it has a greater value than ivy, even in regions where the ivy is hardy.

The accompanying pictures give but a faint hint of the five-fold glories of the Evergreen Bittersweet. In the first place, it is evergreen, and therefore has an obvious advantage over deciduous vines in being beautiful 365 days of the year, instead of two weeks or seven months.

Secondly, it is very accommodating as to soils, climate exposures; is easy to grow, and will trail over the ground or climb to the noble height of 30 feet.

Thirdly, it has an immense advantage over ivy, in being much hardier, growing 20 feet high in New England where ivy can be grown only as a ground-cover.

Fourthly, its superb red fruits, which closely resemble those of our common wild bittersweet, seems divinely appointed to redeem our American winters from their bleak, ugly and cheerless moods.

And fifthly, it promises to develop a strong American character, becoming universal and dear to the American heart. If I had a million dollars to spare I should like to plant an Evergreen Bittersweet against every stone, brick, and concrete wall in America. The effect would be electrical, for it would add 100 per cent to the beauty of America. And it would only be anticipating by a hundred years what will surely happen, for it is hardly possible that the world holds any with greater power to transform a house into a home. As in England every home and every church is enriched, dignified and ennobled by ivy, so every American home will come to be connected so closely with the Evergreen Bittersweet that it will be impossible to think of one without the other.—Wilhelm Miller, in the "Garden Magazine." November, 1912.

We have known for several years of the great merit of the vine, *Euonymus radicans vegetus*, so enthusiastically described by Professor Miller, and have been steadily getting up a large stock of it, and now have several thousand plants. It is a sport from *Euonymus radicans*, but absolutely distinct from that vine.

Perfectly hardy, but when planted in the fall should be protected with a mulching of three inches of stable manure, being careful not to cover the evergreen foliage. Very slow-growing at first, but when well established grows with great vigor. We can supply the variegated form of this plant if desired.

Strong plants, 50 cts. each; \$5.00 per doz.;
\$35.00 per 100.

A BREATH OF FLORIDA FOR YOUR HOME

Take Advantage of the Fact That the Temperature of Your Own Living Room in Winter Is the Same as the Famous Climate in the "Land of Flowers"

COUNTLESS thousands will jam the trains and roads to Florida this Winter, seeking the well-advertised balmy air of that Southern resort. Yet, while they are on their way, you and your family will be whiling away part of your time in a living room of the very same temperature that has made Florida famous!

In other words, you have a breath of Florida in your own home. And the natural thing to do is to turn it into a fragrant, flower-laden atmosphere that will give you, at a ridiculously low cost, some of the pleasure and happiness that others get only by going South!

IT IS THE EASIEST THING IN THE WORLD

This doesn't mean that you have to be an experienced gardener or a trained horticulturist. Even if you don't know a Tulip from a Hyacinth, you can grow them easily and successfully by merely following the simple directions that accompany the bulbs. The fact that the bulbs are perfect to begin with virtually insures your success, for once they've been started most of them seem to grow whether you want them to or not!

A SPECIAL OFFERING THIS SEASON

This is particularly true of this season's special offering, the Prepared Dutch Hyacinth. After three years of careful tests and observations with this type of bulb, we are now prepared to offer it in quantities backed by our usual guarantee. Having been specially treated by a new method, this bulb grows unusually fast and with remarkable success, thus recommending itself most highly to those who want flowers in their home at a minimum cost and with no especial effort.

THIS PLEASURE IS YOURS FOR THE ASKING

This being true, it would be a shame not to bring Florida to your living room this Winter. For Flowers are beautiful living things, the symbol of the best Life has to offer us.

"If thou wouldst attain thy highest," advised Schiller, "go look upon a flower." And when the cost is of such little consequence and the effort involved, there is none who can afford to be without the inspiring sweetness of Mother Nature's own jewels.

We recommend the offerings on the following pages as the greatest asset to the bed-rock of civilization, The Happy Home!

NEW PREPARED DUTCH HYACINTHS

New Prepared Dutch Hyacinths

THE perfection of the new heat-treated Dutch Hyacinth is really a response to the growing demand for a "sure-fire, fool-proof" plant. The mechanical process to which the bulb is subjected shortens its growing time considerably and gives an unusually beautiful flower. They require no attention, are inexpensive and most satisfactory, and exhaustive experiments with them over a period of several years demonstrate that they are well worth your special consideration.

It is next to impossible to fail with the Prepared Dutch Hyacinths for January bloom and with very little care they can be forced into bloom by Christmas. They can be planted as soon as they are received or delayed until after the first of the year, if desired, without effecting the quality of the flower in the least.

The Elliott Nurseries back the Prepared Dutch Hyacinths with the usual guarantee and recommend the bulb emphatically.

In order to prevent confusion in filling orders we have renamed these specially prepared Hyacinths.

Forcing or "House Bulbs"

THOSE who are interested chiefly in forcing bulbs for house use can pick any of the First or Second Sized named Hyacinths, the Miniature Hyacinths, the Special Prepared Hyacinths; either Single or Double Early Tulips. But if you don't care to go to the trouble of looking through the entire catalog for suitable bulbs, you can rest assured that any of the groups listed on this page, plus the Lilies on Page 6, will give you the utmost satisfaction.

These Bulbs Are Picked By Experts

Laconia, N. H.

Elliott Nursery Company,
Pittsburgh, Pa.

Gentlemen:

Enclosed please find check.

I want to say that it is a joy to open a box of such splendid bulbs as those which you put out. Thank you, too, for the cultural instructions. They were greatly appreciated by the three friends whose orders were included with mine.

Yours respectfully,
(signed) MRS. J. S. AVERY

For "Blue Ribbon" Results

IF you want a collection of flowers that no one in your community will be able to rival, Elliott's Late Tulips for forcing will give you all of that provided you cultivate them with the proper care. However, this requires something more than a beginner's knowledge, and unless you have had experience, we advise against trying to force late Tulips. If you are certain that you can do it, Darwin and Breeder Tulips are the best to use. They are gorgeous when forced and the results justify whatever effort it costs. The following varieties are the only ones that should be used—and the directions which accompany them must be followed to the letter.

BREEDER TULIPS

	Dozen	100
Bronze Queen. Soft buff.....	\$1.10	\$7.50
Bacchus. Darkest blue.....	2.50	18.00
Coridion. Yellow.....	2.00	15.00
Don Pedro. Coffee brown.....	1.85	12.00
Panorama. Orange red.....	1.25	9.00

DARWIN TULIPS

	Dozen	100
Bartigon. Fiery crimson.....	\$1.10	\$7.50
Centenaire. Violet-rose.....	1.30	9.50
Philippe de Commines. Dark violet.....	.85	6.00
Princess Elizabeth. Deepest pink.....	1.50	10.00
William Copland. Lavender.....	1.00	7.00
William Pitt. Rich crimson.....	1.25	9.00

Forced Murillo Tulips

Hand-Picked Assortments

KNOWING that many buyers of bulbs do not care enough about technical descriptions to wade through them, we have prepared four standard assortments for their convenience. Only the very best varieties are included in these collections and they are backed by our usual guarantee. In ordering you need only specify the assortment initial, understanding that in the higher priced collections a greater proportion of the more expensive bulbs are included. If you desire to go above the \$15.00 group, you can either specify the amount and the varieties—or leave the choice to our own good judgment, as you please.

Collection J. 35 Assorted bulbs of suitable varieties.....	\$2.75
Collection K. 60 Assorted bulbs of suitable varieties.....	5.00
Collection L. 110 Assorted bulbs of suitable varieties.....	10.00

Lilly-of-the-Valley Berlin

Freesia Purity

Catonsville, Md.

Elliott Nursery Company,
Pittsburgh, Pa.

Gentlemen:

I am enclosing a photograph of my pot of a dozen Purity Freesias taken two weeks ago. They were potted about the third week in October and began to open about January 25.

I bought my first bulbs of you 26 years ago. May all your customers get as much pleasure from them as my daughter and I do from ours.

With best wishes,

Very sincerely yours,
(Signed) ALICE M. BAER

CALLA LILIES

White Calla (Richardia Aethiopica). The White Calla, or Lily of the Nile, is a well known plant of easy culture, and in Winter is one of our best window plants. To aid profuse blooming keep them dormant from the middle of June until the last of August; repot in good, rich soil, using 6 to 8 inch pot; give water, light and heat in abundance, and the result will be most satisfactory.

1000.....	\$45.00

SPRING'S FIRST FLOWER— THE CROCUS

Those who "Can Hardly Wait
For Spring to Come" Should
Plant Crocuses

DON'T you grow impatient for Spring before the last snow has gone? Well, if you want to see your garden come into bloom at the earliest possible moment, plant it with Crocuses—they absolutely defy the lingering Winter.

Frequently they bloom while the snow is still on the ground. And when all is said and done, none of the gorgeous Summer flowers are more welcome than this first messenger of Spring.

The Crocus has a universal appeal. It is the most logical flower for a small patch of ground—all that many houses can afford to give to flowers. On the other hand, it is ideal for growing in the grass of the lawn for long strips of borders, either around other beds, beside paths, or in front of a porch or a garage entrance. They bloom year after year if you don't cut off the foliage.

In short, Crocuses cost little, expect little but give a great deal.

PRIZE WINNING HYACINTHS

Elliott Bulb Users Have Won Many Awards
With Them Here and Abroad

THE Hyacinths are exquisite, writes an Elliott enthusiast. "Such huge trusses of lovely soft pink—one measuring 11 inches in circumference. My La Victoires make a glorious sight, standing right up 15 inches above the pot."

Named Hyacinths of this exceptional grade can be had from only a few dealers in this country—generally at prices considerably higher than these. They are selected exhibition bulbs and have won first prizes wherever displayed. The diligence and knowledge of our specialists who go abroad to buy are alone responsible for such unusual bulbs at such reasonable prices.

Quality Hyacinths Usually Cost More Than These

First Size Named Hyacinths

"Top Root, Exhibition Mother Bulbs"

CUSTOMERS from every quarter of the land write us that they have never seen such gorgeous flowers as Elliott's First Size Named Hyacinths. It is safe to say that they are the finest and largest blooms to be had at any price.

The success of the bulbs and the natural beauty of their flowers have made many a "week-end gardener" feel like a champion horticulturist and has turned many a mere flower bed into "the talk of the town."

Keep a Copy of Your Order

Second Size Named Hyacinths

THE second size Hyacinths will be found fine for forcing and are highly recommended for those who desire extra good bulbs for bedding. They embrace the leading named sorts of the preceding list, are larger bulbs than those sold as mixed, and strictly true to name and color, thus giving exact shades wanted. We can offer them in the following varieties, all of which are described in the general list.

Red

	Doz.	100
La Victoire.....	\$2.50	\$17.00

SINGLE MIXED HYACINTHS

A Real "Buy"

For those who want a real flower at little cost, Elliott's Single Mixed Hyacinths are impossible to beat. Considering their price, these are really unusual bulbs, and while they should never be forced, you will find it pretty hard to stop their growth if you plant them outside. We anticipate a heavy demand for this bulb this season.

All Colors, Mixed.....		2.00	14.00

SINGLE SMALL HYACINTHS FOR FORCING

Long experience has convinced most garden lovers that Roman Hyacinths are much too high priced for their mediocre quality. Instead experienced planters are using the Single Small Forcing Hyacinth with results that are highly gratifying. *Costing less than half the price of Roman*, they give a flower of about the same size with larger bells and *a great deal more strength*. We are offering in this section only those varieties which produce the finest flowers and *force easily*, blooming early in January. This bulb was one of our best sellers last year.

	Doz.	100
Dark red.....	\$1.50	\$10.00
Pink.....	1.50	10.00

Forcing Hyacinths Grow Easily

Seven Hardy Bulbs for Naturalizing

For the Week-End Gardener Who Wants
Something Cheap But Everlasting

A GOOD many flower lovers have no time to spend cultivating their gardens. They want something that they can "plant and forget about," and the offerings on this page have been assembled especially for them. No Elliott bulbs require any skill or experience to grow—and even the forcing bulbs require very little attention—but this list of naturalizing bulbs need only to be stuck into the ground to get results.

The offering includes seven distinct types of early blooming flowers that are especially good for borders, for the edges of planting, under trees, etc. They are inexpensive and if you refrain from cutting off the top foliage, they are practically everlasting. These bulbs will give you a great deal for a long time!

MISCELLANEOUS BULBS

CHIONODOXA (Glory of the Snow). Used largely for naturalizing. Very pretty blooms early in April.

	Per Doz.	100
Gigantea	\$.70	\$5.00
Lucillea65	4.50

FRITILLARIA (Crown Imperials) Fine mixed varieties, including double and single flowering sorts. Colors range from light yellow through deep yellow, orange and red.....

1.75	12.00
------	-------

Marks, Miss.

Elliott Nursery Company
Pittsburgh, Pa.

Gentlemen:

I am sending an order to-day and wish you would send the bulbs at once.

I want to tell you that I have never gotten bulbs from any concern that gave such satisfaction as the ones I have gotten from you. They are the largest flowers I have ever seen and everyone wants to know where I get my bulbs. It gives me pleasure to recommend your house to my friends.

Thanking you for your past favors, I am

(Signed) MRS. R. F. MARKS

Elliott Bulbs Require No Skill

The Gay and friendly early TULIPS

YOU can better appreciate the Tulip when you know that as much as 13,000 florins (\$5200) was paid for a single specimen early in the XVII Century. The craze for Tulips was then so great that men pooled their money to buy "a share" in a particularly fine flower, and many fortunes were made during this famous Tulip speculation.

Those old varieties have long since been discarded for better types. Centuries of experiment have improved this flower unbelievably, and while Elliott's Tulips aren't priced at \$5000 today, they give a flower so beautiful that it must make the ghosts of those old speculators wring their hands in envious anguish just to see what they have missed!

NAMED SINGLE EARLY TULIPS

Prices quoted are for orders booked July 1, 1926

	Doz.	100
Artus. Brilliant red.....	\$.75	\$5.00
Augusta. Lovely clear rose-pink; extra large flower of fine shape. Forces early.....	.85	6.00
Aurora. Saffron yellow, shaded pink. Very exquisite.....	2.75	22.00
Belle Alliance. Scarlet; very fine.....	.90	6.50
Blushing Bride. Lovely bright pink; very early.....	.90	6.50

	Doz.	100
Brilliant Star. Brilliant vermillion-scarlet. Early forcer of great substance.....	\$1.25	\$9.00
Buttercup. The earliest of all the yellow single early Tulips. Flower perfect cup-shaped and of good size.....	1.00	7.00
Cardinal Rampollo. New. Yellow, bordered orange; a conspicuous color.....	1.25	9.00
Chrysolora. Large; golden-yellow; best yellow for outdoors.....	.90	6.50
Couleur Cardinal (True). Cardinal-red; one of the best.....	1.15	8.00
Cottage Maid. White; edged with rose; extra fine; lovely; splendid for bedding.....	.90	6.50
Cramoisi Brilliant. Bright vermillion; large flower; fine for forcing.....	.85	6.00
Cottage Boy. Bronze-yellow, with orange....	.85	6.00
Cullinan. Creamy-white, flushed delicate rose at the edges of the petals. A very fine variety for both outside and forcing.....	1.25	9.00
Duchess de Parma. Brownish red, yellow stripe; splendid bedder.....	1.15	7.50
De Wet. Beautiful deep orange, shaded golden yellow at the base of the petals. A very artistic flower and one of the finest newer sorts in cultivation. There is no other orange variety which equals it in brilliancy. It is therefore one of the showiest bedders, and as it forces splendidly we can recommend it for all purposes. Each, \$0.25.....	2.50	18.00

Inferior Bulbs Often Cost More Than Elliotts

	Doz.	100		Doz.	100
Diana. Purest white with yellow base. Extra fine handsome flower and one of the finest white early Tulips in existence. We strongly recommend it.75	\$5.50	Queen Alexandra. Pure glowing carmine. A magnificent new variety for the border. Will give great satisfaction.	\$2.25	\$14.00
Eleanora. Dark violet, white edges.75	5.50	Queen of the Netherlands. Lovely delicate blush-pink; large, globe-shaped flowers; extra fine.90	6.50
Flamingo. Deepest pink, shaded to white at the center of the petals. Flowers very large and of beautiful shape.	1.15	7.50	Queen of the Whites. Pure white; pointed petals; good bedder.85	6.00
Fred Moore. Dark orange; very tall; early.85	6.00	Rising Sun. Deepest golden yellow. Gigantic, long flower of elegant form borne on a strong stem 16 inches tall. By far the finest of the deep yellow early Tulips.	1.25	9.00
Golden Lion. Bright yellow and terra-cotta; an immense and very conspicuous flower.	1.15	8.00	Rose Aplati. Delicate pink; extra fine.	1.00	7.00
Golden Queen. One of the best yellows; large, fine-shaped flowers on strong stems.	1.00	7.00	Rose Gris-de-Lin. Beautiful pink; a splendid sort.85	6.00
Goldfinch. Golden yellow; sweet-scented; a splendid sort.	1.10	7.50	Rose Luisante. Superb; large pink; extra fine.	1.20	8.50
Grace Darling. A scarlet variety of exquisite beauty and gracefulness; tall.	1.10	7.50	Sir Thomas Lipton. Brilliant crimson; large, cup-shaped flowers; best of its color.	1.50	10.00
Hobbema (Sarah Bernhardt). Crushed Strawberry; distinct and lovely.	1.15	8.00	Van der Neer. Deep violet. Very large open flower beautifully formed. A superb bedding Tulip. Especially attractive when planted in combination with a primrose yellow variety.	1.20	8.50
Ibis. Deep rose, flushed white at the bottom of the petals and yellow base. A beautiful flower of great substance and brilliant coloring.	1.50	10.00	Vermilion Brilliant (True). Dazzling scarlet; very striking.	1.25	9.00
Joost Van Vondel. Large; cherry-red and white; splendid.90	6.50	White Beauty. This is a pure white sport of pink beauty and it is destined to become quite as popular as its parent. Flowers large, of fine substances and purest white. Each, \$0.18.	1.75	12.00
Keizerskroon. Red and gold; large and fine. A grand Tulip.	1.25	9.00	White Hawk. (Albion) The finest pure white tulip in cultivation.	1.00	7.00
King of Yellows. Deep golden yellow.	1.00	7.00	White Swan. White late, large and fine.75	5.50
Kohinoor. The darkest red single early Tulip. Flowers are finely shaped and of a rich velvety deep crimson. A fine variety for massing.	1.10	8.00	Wouwerman. Splendid dark violet.85	6.00
Lady Borcel. White. Silvery white; magnificent flower; the finest.	1.10	7.50	Extra Fine. Elliott's mixture. While the bulbs are not as fine in quality as the named sorts listed above, they are, nevertheless, the finest mixture it is possible to obtain. We have discontinued all lesser grades as being untrustworthy. Price 1000, \$40.00.65	4.50
L'Esperance. Violet, bordered white; distinct and fine.85	6.00			
La Reine Maximus. A great improvement of the old variety La Reine which is no longer a satisfactory bloomer. Flowers are twice the size of the old variety and of the same lovely rosy white.90	6.50			
La Remarkable. Pure violet, white edge.85	6.00			
La Riente. Most lovely bright pink, shaded carmine-rose; very attractive.90	6.50			
La Matelas. Splendid bright rose; very early.	1.15	8.00			
L'Unique; syn. Brunhilde. White suffused with cream yellow; flowers large and of fine shape. A very handsome bedding Tulip.	1.25	9.00			
Max Havelaar. Blood orange, flushed salmon rose; a unique variety with striking color. Fine for bedding and forcing.	1.50	10.00			
McKinley. Inside orange-red; outside rosy-red shaded orange—unique and very bright color.	1.10	7.50			
Mon Tresor. Yellow; extra fine; best yellow for early forcing.	1.20	8.50			
Moonbeam. Primrose yellow, with lighter yellow edge. An exceptionally large open flower. A magnificent variety and in our opinion the finest yellow early.	1.50	10.00			
Ophir d'Or. Golden yellow; extra large flower. Exhibition sort.	1.15	8.00			
Pink Beauty. True. Bright pink and white extra fine.	1.60	11.00			
Primrose Queen. Soft primrose; distinct, lovely for bedding or forcing.85	6.00			
Prince of Austria. True. Orange shaded scarlet; very fine.	1.00	7.00			
Princess Wilhelmina. Fine, deep pink and white; extra large flower.	1.00	7.00			
Proserpine. Queen of Tulips. Silky carmine-rose; perfect form. Sweet-scented.	1.50	10.00

Double Early Tulips

A TULIP WITH A LONGER LIFE

Elliott's Double Early Tulips Last Much Longer Than Single Varieties

THE gods gave Achilles his choice between a short life of glory and a long life of ease—and Achilles chose to die a young hero.

Because the brief but glorious life of the single Tulip makes it a sort of "Floral Achilles", horticultural genius has given us the Double Early Tulip to carry on where the single species leaves off.

This sturdy, robust bulb has a much longer life than the old variety and gives a brilliantly massive flower which blooms just a bit later. The fact that it lasts twice as long and has a double blossom merely makes this variety doubly attractive!

	Doz.	100
Boule de Nieve (White Peony). New pure white, large, peony-like flower, splendid....	\$1.10	\$7.50
Crown of Gold. Splendid yellow; fine for forcing.....	1.00	7.00

Extra fine double mixed Tulips While these bulbs are not as fine in quality as the named sorts listed above, they are nevertheless the finest mixture it is possible to obtain. We have discontinued all lesser grades as being untrustworthy, 1,000, \$50.00.		.75	5.50

Mix Your Tulips By Color

THE most effective method of using Tulips is to take advantage of their color varieties. Early Double Tulips come in a wide range of tints and hues, and the practice of planting rows of a different color gives truly delightful effects. Those who like startling contrasts get as much fun out of Tulips as those who prefer delicate tints since the color combinations are endless.

Centralia, Wash.

Elliott Nursery Company
Pittsburgh, Pa.

Gentlemen:

I have certainly been greatly pleased with the way you have filled my past orders. Not only were the bulbs much larger than I had received from other nursery men but the flowers were a constant source of admiration and pleasure. Our lawn was visited every afternoon while they were in bloom by people who said repeatedly, "They did not know such tulips were in existence." I honestly believe my tulips superior to any in the Government bulb farm.

Sincerely yours,

(Signed) DARL F. VINCENT

La Candeur Tulip

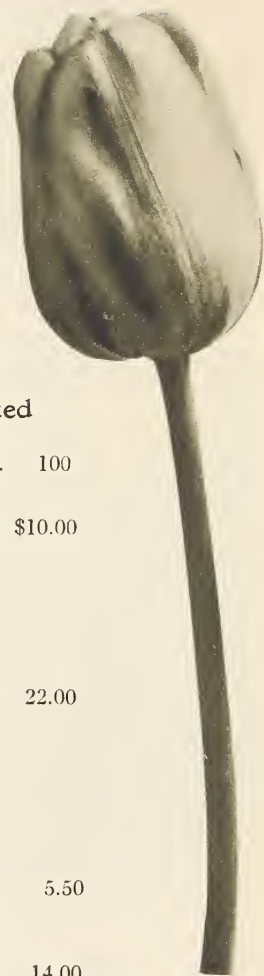

Double Tulips Are Ideal for Bedding

A Tulip Color Guide

ON the following four pages you will find a concise result of many weeks of experiment: four varieties of Tulips correctly blended by color. Mr. R. F. Elliott, himself an accomplished landscape architect, worked with these combinations until he had four groups of five different bulbs expressing the best in color harmony. You will get the best results by considering each page as a unit, planting all five bulbs in equal numbers and thus capitalizing their striking effect *en masse*.

Elliott Bulbs Are Perfect and Low Priced

MR. R. F. ELLIOTT PERSONALLY INSPECTING THE FLOWERS OF A LEADING DUTCH GROWER.

DARWIN—PRINCE OF TULIPS

Generations of Evolution in Tulip Culture Have Resulted in the Darwin

NOT only we who sell them — but, what is more important, *those who buy them* are enthusiastic about Elliott's Darwin Tulips. For instance:

"I want to praise your bulbs I purchased two years ago," writes Mrs. W. D. Kneessi, of Riverdale, Maryland. "The Darwin Tulips are gorgeous and

FOR PERMANENT PLANTING

Darwins are most valuable for permanent planting. They bloom for years and are, therefore, highly prized for use in shrubberies and borders. This variety thrives better than the early Tulips in California and the Southern states.

have more than tripled in quantity. They are the admiration of the town and I'm only sorry I haven't room for hundreds more."

The files in our main office are literally full of letters just like this.

What could we tell you about Elliott's Darwins that would be more illuminating?

GENERAL LIST OF DARWIN TULIPS

Andre Doria. Deep velvety maroon with black base. One of the finest border varieties of its color and of a low price. Will give great satisfaction.....	Doz.	100
Ariadne. Brilliant, scarlet with blue base; splendid bedder.....	1.50	10.00
Beethoven. Beautiful, soft rose-pink, shading to silvery pink.....	1.10	7.50
Bartigon. Fiery crimson, white center.....	1.10	7.50

CLARA BUTT. Delicate salmon-pink; one of the oldest varieties among the Darwins. It is enjoying a great popularity because of its lovely color, fine flower and reasonable price, and it remains one of the very best. Height, 25 inches. Per 1000, \$40.00.....	Doz.	100
CREPUSCLE. Very pale lilac with deep rose flush at the tip of petals. A large beautiful flower on a tall stem. Height, 28 inches....	.85	6.00

Clara Butt Tulip

Dream Tulip

"Some Service!" J. H. Williamson, Rutherford, N. J.

	Doz.	100
RONALD GUNN. Deep violet blue shading to lilac at the edge. One of the most beautiful blue Darwins for indoor culture and forcing.	\$1.00	\$7.00
SALMONEA. Clear rose pink with amber leaves. A truly beautiful and unusual variety.	2.50	18.00
Sieraad Van Flora. Bright red, with blue base, magnificent flower of a very distinct color.	.75	5.50
Sir Trevor Lawrence. Lilac-blue, an enormous flower on tall-stem.	1.25	9.00
VALENTINE. The finest soft heliotrope Darwin Tulip.	1.10	7.50
WILLIAM COPLAND, SYN. Sweet Lavender. The best Darwin Tulip for forcing. It may be grown in the house as easily as the early Tulips. Also fine for the border. When grown outside, color is rosy lilac. When forced, color is beautiful lavender. Height, 22 inches.	1.00	7.00
William Pitt. Deepest rich crimson. A very large flower of gorgeous coloring. A very fine border variety.	1.25	9.00
White Queen. Clear white, tinged delicate blush.	.75	5.50
Yolande. Soft salmon-rose with lighter yellow base. A very fine flower of exquisite coloring. Very fine when planted in front of evergreens. Each, \$0.50.	3.25	
Zanzibar. Rich, glossy, maroon, center dark blue and white; large, fine flower.	1.10	7.50
Zulu. Rich, velvety purple-black; large egg-shaped flower; very distinct.	.85	6.00
ZWANENBURG. The only pure white Darwin tulip. A truly great novelty. Large substantial flowers on tall stems. Each, 1.75.	20.00	

A "GET ACQUAINTED" OFFER OF DARWIN TULIPS

IF you have never used Elliott's Darwin Tulips and would like to try out a test planting, the following listing gives you a prime cross-section of the Darwin group to work from. Here you have everything you need in color and form, each selection being identical to the others except for quantity. These special introductory collections are a great convenience to those chiefly interested in a trial order since it eliminates the trouble of individual selection.

Positively No Orders Accepted for These Collections After July 1st, 1926

Indianapolis, Ind.

Elliott Nursery Company
Pittsburgh, Pa.

Gentlemen:

Enclosed find my check for bulbs sent me. I am highly pleased with them. In every respect they come up to my expectations. The colors are wonderful, stems very long and passed through the freezing spell and snow we had a short time ago without being in any way damaged except the tips of a few leaves but the blooms are intact.

Yours truly,
(Signed) HERMAN MUNK

COLLECTIONS OF NAMED DARWIN TULIPS

Collection W. 1 each of 15 choice and tested varieties, 15 in all.	\$1.10
Collection X. 3 each of 15 choice and tested varieties, 45 in all.	3.00
Collection Y. 6 each of 15 choice and tested varieties, 90 in all.	5.50
Collection Z. 12 each of 15 choice and tested varieties, 180 in all.	10.50

These prices do not include delivery, but bulbs will be sent by parcel post when requested and postage charged at cost.

ELLIOTT'S SPECIAL MIXTURE DARWIN TULIPS

ADVANCE calculations indicate that one of our Dutch growers is going to have an over-supply of Darwin Tulips, hence we are able to offer an excellent mixture of named varieties at an attractive price. Ordinarily these bulbs would sell for more, and while they are not the finest grade, they certainly cannot be equalled at this price. **\$0.70 per Doz.; \$5.00 per 100; \$45.00 per 1000.**

	Doz.	100
Fine Mixed Darwin Tulips. Per 1,000, \$58.00.	\$60	\$4.25
100 Darwin Tulips. In 25 named varieties (not less than 100 furnished).		6.50

Pride of Haarlem Tulip

Try a Hand Picked Elliott Mixture

MAY FLOWERING OR COTTAGE TULIPS

TO MAKE YOUR GARDEN COMPLETE

THERE are many who prefer the fragile delicacy of the Cottage Tulip to the sturdy massiveness of the other types. But this is purely a matter of individual taste. Be that as it may, no genuine flower lover would call a garden complete until it was graced in appropriate spots with those final touches of charm that only the Cottage Tulip can give. Stately, refined, old fashioned—they are the sign of the Complete Garden!

We'll Make Up an Assortment If You Wish

	Doz.	100		Doz.	100
Amber Crown. Pale yellow with broad stripe of lilac brown through center of petals. Base green. A beautiful variety. Height, 18 inches.....	\$1.50	\$10.00	Gesneriana lutea. Pure yellow, extra fine....	\$.75	\$5.50
Avis Kennicott. Rich deep yellow, with black base. A very large flower and one of the best bright yellow Cottage Tulips. Height, 25 inches.....	2.50	15.00	Glare of the Garden. Immense scarlet flowers.....	1.10	7.50
Bouton d'Or. Deep golden yellow; of great value for outdoor cutting. Splendid.....	.65	4.50	Golden Crown. Yellow. Slightly edged with red. Fine for bedding.....	.70	5.00
Carnation. The old English Picotee. Snow-white, changing to carmine-rose, exquisitely beautiful.....	.85	6.00	Hammer Hales. Golden brown, suffused with old rose. Inside apricot with yellow edge and green base. A very long beautiful flower. Height, 24 inches.....	1.35	9.50
Carrara. Enormous pure white flower on a tall stem. An unusual novelty since it is the first really fine pure white Cottage tulip. This variety fills a most important place in the Cottage group since it gives us the one color which has heretofore been unprocurable necessary to complete our color schemes in the glorious late tulips. Each \$1.00.....	11.00		Honeymoon. Large fine flowers of the softest primrose. Unusually tall growing up to 36 inches and therefore the most desirable variety for planting among the Darwin tulips. In the Darwin tulip group no satisfactory yellow has yet been developed. Each, \$.25....	2.50	16.00
Columbus. Clear yellow with broad red stripe through the center of petals. A huge flower and very showy.....	1.20	8.50	(Continued on page 30)		
Dido. Soft orange-red gradually suffusing to a deep red at the extremes of the petals. The inside of the flower is a clear brilliant orange without a blemish and strikingly beautiful. The base of the flower is black bordered deep yellow. A flower of gorgeous extravagance in color and royally placed on a tall strong stem 30 inches high. Each \$1.25.....	15.00				
Doris. Soft lilac-rose, flushed rose; blue and green base.....	.70	5.00			
Elegans. Rich crimson scarlet. A very showy flower with elegant reflexed petals, on a very tall stem.....	.85	6.00			
Elegans alba. Large white flower of exquisite gracefulness. Each petal reflexing and margined with rosy carmine. One of the most lovely Cottage Tulips in existence. Height, 20 inches.....	1.25	9.00			
Ellen Willmott. One of the finest Cottage Tulips. Flowers very large, exquisitely shaped, of a soft creamy yellow, deliciously fragrant. Height, 18 inches.....	.75	5.50			
Emerald Gem. Bronze, flushed rose, with a deep green base. A very beautiful variety. Height, 20 inches.....	.85	6.00			
Fairy Queen. Soft rosy heliotrope, suffused with salmon yellow. A very large flower, with a lovely color. Height, 20 inches.....	.65	4.50			
Flava. Lemon yellow; large beautiful flower on a tall stiff stem. A fine variety to plant among the pink lavender and lilac Darwin Tulips. Will remain in bloom longer than almost any other Cottage Tulip. Height, 25 inches. Each, \$.25.....	2.50	18.00			
Gesneriana aurantiaca maculata (Orange Globe). Large; brilliant orange; extra fine....	.85	6.00			
Gesneriana spathulata. For bedding out in masses it deserves to be largely grown. Height, 18-24 inches. Flowers of enormous size, on long, graceful stems. Color rich crimson-scarlet, with glittering blue-black center. The demand for this grand Tulip has been so great that it is very difficult to get flowering bulbs. To be sure of getting bulbs that will bloom, we pay a premium in Holland for guaranteed bulbs. This makes them higher priced, but our bulbs will bloom satisfactorily.....	.70	5.00			
Gesneriana ixioides. Beautiful yellow, with black center.....	.85	6.00			

Pomona, Calif.

Elliott Nursery Company
Pittsburgh, Pa.

Dear Sirs:

Please be sure to send me a bulb catalogue as I have an order ready to send in as soon as I get the price list. I have enjoyed the bulbs I got from you six or seven years ago as much or more than anything I have ever had, and I want to add some more varieties to those I already have. I think your bulbs are wonderful, and I speak a good word for Elliott's whenever I can.

Most sincerely,

(Signed) WINIFRED M. SHAFER

Tulip Inglescombe Pink

They Don't Grow Better Bulbs than Elliott's

Cottage Tulip "Picotee"

Doz. 100

(Continued from page 29)

Idyll. Lively rose of fine texture. Inside salmon-pink. A very lovely variety.	\$1.25	\$9.00
Illuminator. Clear yellow, flamed deep orange. A very large flower with a striking color. Very effective when planted among shrubbery or evergreens. Height, 25 inches. Each, \$0.25.	2.50	16.00
Innocence. One of the very few pure white Cottage Tulips and by far the best. A large flower of fine form and stately bearing. Height, 20 inches. Each \$0.30.	3.25	24.00
Inglescombe Pink. Salmon-pink; blue base; very brilliant.65	4.50
Inglescombe Scarlet. Brilliant scarlet; enormous flower.70	5.00
Inglescombe Yellow. Glossy canary-yellow. The large globular flower has the true shape of the Darwin Tulip, hence it is called the Yellow Darwin.70	5.00
Isabella, or Blushing Bride (Shandon Bells). Beautiful rose-pink, slightly shaded white; a most superb and distinct variety.65	4.50
Kingfisher. Soft yellow ground, feathered maroon and violet with green base. A very unique color combination. Height 18 inches. Each, \$0.50.	3.00	24.00
Konigskroon. Red and yellow, like Keizerskroon, but late-flowering.95	6.50
La Merveille. A magnificent variety, with large, sweet-scented, orange red flowers.65	4.50
Mentor. Flowers of the deepest scarlet, well formed and robust, growing on a strong stem.	1.75	12.00
Moonlight. New. Light, soft yellow, enormous flower.	1.00	7.00
Mrs. Kerrell. Soft rose with salmon border. Base blue and white. Large open flower with pointed petals. A lovely variety. Height, 18 inches. Each, \$0.20.	2.00	14.00
Mrs. Moon. Pure yellow, large. The best of all yellow late Tulips; sweet-scented.	1.20	8.50
Nectar. Beautiful deep carmine pink flowers slightly reflexed, graceful in form. Blooms earlier than the other Cottage tulips. Very strongly recommended.	1.75	12.00
Orange King. Beautiful bright orange, very large flower.75	5.50
Picotee, or Maiden's Blush. Long; clear white; the petals, which are pointed and elegantly reflexed, are beautifully margined and penciled on edges with bright pink.65	4.50

	Doz.	100
Picotee Yellow. The yellow counterpart of the above variety. Flowers are clear yellow with a narrow border of crimson which suffuses the flower as it ages. A lovely graceful variety.	\$.85	\$6.00
Primrose Beauty. Primrose, bordered rose; a beautiful Tulip.85	6.00
Pride of Inglescombe. White, edged carmine-rose; long, pointed flower; beautiful.	1.10	7.50
Quaintness. Golden bronze with old rose flush. A very unusual and beautiful color combination. One of the finest varieties. Height, 20 inches. Each, \$0.35.	3.85	
Retroflexa. Splendid yellow flower, with elegantly recurved petals; fine for cutting.85	6.00
Royal White. Large; pure white; of great substance.	1.10	7.50
Sirene. Glistening satiny rose with paler edges. One of the Lily-shaped varieties of exquisite beauty. Height, 16 inches.	1.75	12.00
Solfatara. Soft sulphur-yellow; a large graceful flower with reflexing petals.90	6.50
Solferino. Creamy white, with narrow border of soft yellow. Long, eggshaped flower of a most lovely color. Unsurpassed when planted in the shade. Height, 24 inches.	2.00	15.00
The Fawn. Large; light grayish rose, changing to rosy white. Distinct.75	5.50
Twilight. Light violet ground, flamed deep violet and bronze with distinct white stripe through the center of each petal and a white base. A very long finely shaped flower of an unusually rich coloring. Height, 23 inches. Each \$0.25.	2.50	15.00
Union Jack. Salmon-pink and bronze-striped. Unique and effective.	1.10	7.50
Walter T. Ware. The deepest and richest of all the yellow Cottage Tulips. A remarkably beautiful flower of great substance. Height, 18 inches. Each \$0.40.	4.00	28.00
Zomerschoon. Pure white ground. Flaked and feathered salmon-rose. Base white. A beautiful formed flower of unusual clear coloring. Height, 20 inches. Each \$0.40.	4.00	30.00
May-flowering Special Mixture.65	4.00

Cottage Tulip Mrs. Moon

The Gorgeous Parrot Tulips

MOST curious and unique of the Tulips family, the Parrot variety is highly prized by those who love the picturesque. Their brilliant hues and their fringed, parrot-like form combine in an effect that is startling and extravagantly colorful. Mass a quantity of Parrot Tulips in a bed and you will have something that will make passersby stop and gape in amazement!

Not only are Elliott's *double-tested* Parrot Tulips easy to grow when properly planted, but they are also ideal for cut flowers. If you have a spot of light, sandy soil in a sunny location, you will get remarkable results with these bulbs.

	Doz.	100
Admiral of Constantinople. Fine red.....	\$.70	\$5.00
Cafe Brun. Brown and yellow stripe.....	.70	5.00
Lutea Major. Yellow; very fine free-blooming	.70	5.00

Rubra Major. The finest red of all.....	.70	5.00
Fine Mixed. \$40.00 per 1,000.....	.65	4.50

LATE SHOW TULIPS

HERE we have the original strain from which most other Tulips have been developed—the flower that caused the great Tulip craze of 1635 about which we have already spoken.

Until the early 1800's this variety of Tulip remained in disuse except in England, but of late years some remarkable improvements have been made in its color and habits. Patient hybridizing has added many gorgeous creations to the range, and today the Late Show Tulip is again highly prized everywhere.

Garden experts used them freely for planting in clumps by themselves; among shrubbery and ever-green borders; by the water's edge or near a fountain.

	Doz.	100
Absalom (Bizards). Orange, feathered brown and yellow, very tall.....	\$1.25	\$9.00

Tulip Parrot

THE ARISTOCRATIC BREEDER TULIP

"WHO can paint like Nature?" asked the poet; "Can imagination boast of hues like hers?" And to him who has seen the Breeder Tulip at its best, the question is a foolish one.

For this, among all the Tulips, fairly breathes aristocracy, refinement and nobility. Its color defies Man and its fragrance is the kind that will never be imprisoned in a crystal bottle by some commercial perfumer.

The Elliott Breeder Tulip beggars words. We can only urge you to make space for it if you want a garden that will do justice to your artistry and your taste.

	Doz.	100
Apricot. Dull, bronzy buff, shaded ruddy apricot base.....	\$1.50	\$10.00
Attraction. Light bluish violet, inside glowing purple, white base.....	1.75	12.00

Elliott Nursery Company
Pittsburgh, Pa.

Gentlemen:

Please send the enclosed order in September or October. Your Breeder tulips are the loveliest I have ever seen. Every passerby stops and looks at them and exclaims over their gorgeous beauty, their length of stem, and how long they remain beautiful blooms.

Yours sincerely,

(Signed) IDA S. HOFFMAN

The Narcissus Situation

AS you undoubtedly know, the Department of Agriculture has placed a ban on Dutch Narcissus because of an insect alleged to be harmful which may occasionally come with these bulbs. Horticultural experts by no means agree that this insect is dangerous, and until the majority agree that it is, the ruling seems to us to be unnecessary and unfair. It is, nevertheless, the verdict of the Government and you may rest assured that we shall observe it to the letter regardless of our own feelings in the matter.

The situation now is that the only Dutch Narcissi available to our customers this season are the following few items which were imported last year and planted for this season's business. Neither these nor any other Dutch Narcissi can be bought after this year.

Narcissus King Alfred

	Doz.	100
CONSPICUUS (Barrii). Broad primrose petals and elegantly expanded crown, heavily stained orange-scarlet, extra fine.....	\$2.25	\$14.00
Emperor. This is the largest and finest deep yellow trumpet-flowered Daffodil in cultivation, and is really superb, both in foliage and flower. Either for the garden or for naturalizing, it is one of the very finest varieties and cannot be commended too highly.....	2.50	15.00
Golden Spur. This is one of the most valuable of the Trumpet Narcissi, with magnificent, deep yellow trumpet, the brim expanding like Maximum, and large, spreading, full, deep yellow petals. It is free-flowering and splendid both for house culture and outdoors, and is one of the most desirable varieties for naturalizing. A charming, richly perfumed flower.....	2.25	14.00
King Alfred. Uniform golden-yellow. This variety stands as yet unrivalled in size and beauty. Its round fleshy petals, its immense, elegantly recurved and beautifully fluted trumpet, its whole sturdy growth, every part of this plant shows its superiority. It can be rightly called the King of Daffodils.....	3.75	26.00
Sir Watkin (Welsh Giant Daffodil). Very large petals of a rich sulphur-yellow, tinged with orange. Immense flowers sometimes 5 inches across. One of the most distinct Daffodils.....	2.50	15.00
Victoria (Bicolor). One of the newer varieties and the best of all the Bicolors. Perianth creamy white, trumpet rich yellow, delicately perfumed. Unsurpassed for pot culture or growing outdoors in the garden, or the grass... ..	2.25	14.00

FOR many years growers in various sections of this country have attempted to produce American Narcissi. The results have always been mediocre. The Elliott Nurseries are as well equipped as any to enter this field in any part of the country, but our consistent refusal to do so has been based entirely on the fact that no one has yet found the region where soil and climate combine to give a Narcissus equal to the Dutch quality. What the future will bring, no one knows. But meanwhile American Narcissi are being offered for sale and it is our purpose to fill any orders for them that our friends want filled. In that respect we shall be glad to accommodate you as a matter of service if you will send us your lists for estimate. But it must be understood that, even though we get you the best American Narcissi available, they are sold *without the customary Elliott guarantee*. The prices are too high and the quality too ordinary for us to risk our reputation on them.

CANDIDUM: THE ANCIENT EASTER LILY

THE beautiful and historic Easter Lily needs no introduction here, for although the horticulturists call it *Lilium Candidum*, it is known all over the world as the Annunciation or Madonna Lily. Notwithstanding its rich beauty, many flower lovers deny themselves this fragrant Lily because of the incorrect belief that it must be planted early in September. At our own Nursery we have planted as many as 10,000 in November to get beautiful blooms the following June, when we sold them to wholesale cut-flower buyers for double the price of the original bulbs!

Elliott's *Candidum* bulbs are really the finest that come to America. We obtain them from both northern and southern France and supply a much larger bulb than it is customary to sell.

	Each	Doz.	100
Selected bulbs.....	\$.35	\$3.50	\$25.00
Extra large selected bulbs.....	.45	4.50	32.00

JAPANESE LILIES

DELICACY is the outstanding feature of everything Japanese, and the *Auratum* Lily is no exception to this rule. Known as the Gold-banded Lily of Japan, it has a large, graceful, ivory-white

flower closely dotted with chocolate-crimson spots; the center striped with golden yellow; a truly gorgeous creation!

Because of transportation difficulties, Japanese Lilies frequently do not arrive in time for Fall planting, in which event we carefully pack them in sand and store them until Spring when they are distributed.

Auratum. Gold-banded Lily of Japan. Large and graceful flowers of delicate ivory-white, closely dotted with chocolate-crimson spots; the center striped golden yellow. 3-4 feet. July and August.

	Each	Doz.	100
8 to 9 inches.....	\$.35	\$3.50	\$25.00
9 to 11 inches.....	.45	4.50	35.00
11 to 13 inches.....	.60	6.00	

AURATUM PLATYPHYLLUM

Undoubtedly the choicest of all *Auratum* varieties. Enormous white flowers richly spotted yellow. Extra selected bulbs.

Each, \$0.75.	Doz., \$7.50.	Each	Doz.	100
---------------	---------------	------	------	-----

Longiflorum. Pure white, trumpet-shaped flowers, similar to the Bermuda Easter Lily. Excellent for cutting.				
June and July 6 to 8 inches.....	\$.25	\$2.75	\$20.00	
7 to 9 inches.....	.40	4.00	28.00	
Speciosum album. Large, pure white blooms; extremely attractive.				
7 to 9 inches.....	.50	5.50		

We Go 8000 Miles to Better Your Garden

	Each	Doz.	100
Speciosum Melpomene. White blooms heavily spotted and overlaid with crimson. 7 to 9 inches.....	.50	\$5.00	\$22.00
9 to 11 inches.....	.40	4.00	30.00
Speciosum rubrum, or roseum. Almost like <i>Lilium speciosum melpomene</i> . 7 to 9 inches.....	.30	3.00	22.00

Bulbs 6 to 7 inches in circumference.....	.35	3.75	30.00
Bulbs 7 to 9 inches in circumference.....	.50	5.00	38.00

Canton, Ohio

Elliott Nursery Company
Pittsburgh, Pa.

Dear Sirs:

Am enclosing order.

It would perhaps interest you to know that I bought my first Jap. lilies and Jap. Iris from J. Wilkinson Elliott Apr. 1888 in the little store room on Sixth St., Pittsburgh, near the bridge.

At least three of those are still blooming in my mother's garden at Salem, O.

As late as 1896 we still bought from the original Book of native water colors which Mr. Elliott would loan us by mail to choose from.

Am still as enthusiastic as ever

Very truly yours,
(Signed) E. W. Harris

LILY-OF-THE-VALLEY

	Per 25	100	1,000

Lilium Regale

The HARDY REGALE

A Lily for Forcing or Outside Planting

FLOWER fanciers generally consider the Regale the most beautiful of all Lilies, and as a result the limited supply has always been snapped up promptly by the more wealthy buyers. Perseverance, however, has finally resulted in the Elliott Nursery's getting control of a moderate source of supply of Regale bulbs, and although this flower is still somewhat new and rare, we can offer them at a lower price by contracting for the entire output of this particular grower.

	Each	Doz.
LILIUM REGALE, 5-7 inches, flowering Bulbs	\$.75	\$ 7.50

The smaller bulbs of the Regale Lily are not desirable to use by the inexperienced.

SUPERBUM

The Lily That Defies Neglect!

SUPERBUM is unquestionably one of the most satisfactory and unusual Lilies. It can be planted in the garden or the meadows; in wet swamps or dry ground; on the edge of the woods or in cultivated ground. It will thrive wherever you put it—and it will grow without care or attention! On top of all this it is truly a superb lily, as its name suggests; it often grows over eight feet high, producing 20 to 30 orange-red flowers in the one month when flowers are apt to be scarce—July.

By virtue of our yearly contract to have 25,000 of these grand Lilies grown especially for us, we are able to offer them at a price low enough to make it available for naturalizing in quantities.

	Per Doz.	25	100
Extra Selected Bulbs	\$2.50	\$4.00	\$15.00
per 1000, \$125.00			

Lilium Superbum

Elliott's Twice Tested Bulbs Are Safe

TERMS OF PAYMENT, Etc.

Please read before ordering

HYACINTHS, Tulips, Crocuses, etc. The prices quoted in this list on all Dutch Bulbs, Bermuda Lilies and other bulbs are for advance orders, which must reach us not later than July 1, 1926. To make these very low prices, we must have our orders in advance, as we cannot take any risk of having stock unsold on our hands. The bulbs will be delivered upon arrival, and need not be paid for until after delivery. Prices quoted include duty and all charges, except freight, expressage, or postage, from Pittsburgh. On small lots of bulbs sent by mail, postage will be charged at cost, including insurance.

TIME OF DELIVERY: Bermuda Lilies arrive in August; Roman Hyacinths, Freesias, Candidum Lilies and Paper-White Narcissi in September; Dutch Bulbs, Hyacinths, Tulips, etc., in October. In ordering, please state whether you wish your bulbs shipped as they arrive or all in one shipment. In absence of instructions, we will send all bulbs in one shipment, except

Japanese Lilies and Lily-of-the-Valley, which will be shipped upon arrival, in November, December, or the following Spring. Transportation conditions are still so unsettled that we cannot guarantee time of delivery, but in the event of late delivery, northern orders will be shipped first, and extreme southern ones last.

SHIPPING INSTRUCTIONS: Please send full shipping instructions. State whether goods are to be shipped by express or parcel post, and by what route. In the absence of instructions, we will ship by whatever method and route we think best.

Please print your name and address on your order. Many times it is exceedingly difficult to read these two important points of an order, and a shipment may go astray.

TERMS OF PAYMENT: Our terms of payment are invariably cash on delivery, which does not mean that we ship C.O.D., as we will not do so under any circumstances. We deliver the goods and mail bills at the same time, and expect payment within a few days.

People unknown to us will please send references with their orders. Those who wish to send cash in advance with their orders will be allowed a discount of five per cent. from the prices quoted on this list on all orders made up from this catalog, received before July 1, 1926.

GUARANTEE: We guarantee all trees, shrubs, plants, and bulbs furnished by us to be first class, and true to name.

We do not guarantee stock to grow, or results in any way. No complaint will be entertained that is not made immediately upon receipt of stock.

There are so many causes for failure over which we have no control that we can assume no responsibility after stock is delivered in good order. Poor soil, unfavorable weather, ignorant or careless culture, all contribute to failure, and are all beyond our control.

EARLY ORDERS: The earlier orders are given, the better we can have them filled. Some of our customers are now giving us orders to be delivered next Spring. Our representative usually sails for Europe early in June and personally selects the stock for all import orders received by July 1st.

PRICES: Six plants of a kind will be furnished at the dozen rate; fifty or more at the hundred rate, and five hundred or more at the thousand rate. Less than six plants of one kind or variety will be sold only at the single rate.

CANCELLATIONS: No request for cancellation can be granted after July 10th, when the final orders are sent to Holland.

Import orders taken subject to the failure of the crop.

CULTURAL DIRECTIONS: With each shipment of bulbs we send printed cultural directions, giving full instructions for growing in the house as well as outdoors.

PARCEL POST: Bulbs and plants can now be sent by parcel post, and when it is advantageous we always do so.

Glorify Your Garden with Lovely DELPHINIUM

(Perennial Larkspur)

Knee high!

Head high!

Ladder high!

Stately—

Exquisite—

Wonderful!

Perennial Larkspur

Most beautiful of plants

BLOOMING all summer, coming up year after year, sending aloft successive shafts of incredible color to a height of five, six, eight feet—it is doubtful if any other plant so superb as Delphinium ever graced a garden.

Few people are aware of the perfection to which this ancient flower has been brought by modern culture, how easily it can be planted and grown, and how lasting a delight the gardener secures who plants Delphinium. If everyone knew, tall, hardy Delphinium would be more in evidence everywhere.

* * *

We offer specially selected plants grown from seeds of famous named varieties for autumn planting. Will grow anywhere but do best in rich garden soil. Every imaginable tint and shade of blue, lavender, and purple. We promise you'll find positive joy in their extraordinary bloom. Directions—few and simple—with each shipment.

Elliott's Magnificent Varieties

Improved English Hybrids—Range in color from very light blue to very dark blue, overlaid irregularly with tones of pink and lavender, rose, and lilac. Black spots on pistil and anthers at center of flower. Many blossoms show white secondary petals of white spots at bases of major petals. A wonderful wealth of color variation in the English Hybrids.

Fine Mixed English Hybrids—Dozen Strong Plants \$2.50, Fifty Strong Plants \$7.50, One Hundred Strong Plants \$15.00. Extra-Selected Varieties, each .50 cents. \$5.00 per dozen.

Belladonna—Uniform light sky-blue. The most universally admired and desired of the solid-color varieties.

\$2.50 per dozen, \$7.50 per 50, \$15.00 per 100

Bellamosa—(The improved Formosum)—For solid dark blue color, unequalled among Delphiniums—positively the best.

\$2.50 per dozen, \$7.50 per 50, \$15.00 per 100

*"And larkspurs, many hued, shall drive
Gloom from the groves!"*
